

# Mobile catering solutions at exceptional prices!

*Stuff in Oatcakes - Nathan & Ian*

MAKRO Sheffield has developed a close relationship with Stuff in Oatcakes as the company fully understands the pressures the mobile caterer faces during this challenging economic climate. When the company had nowhere to trade, MAKRO offered Stuff in Oatcakes a pitch outside the Sheffield store where it could provide catering solutions for employees and customers while the in-store catering facilities underwent a refurbishment.

We've researched the market and spoken to customers to find the best regional suppliers for our new range of fresh bakery products.

All of our locally sourced bread is produced over night and delivered before 7am the next morning. It's already proving hugely popular and sales are soaring.
